Warrant for Annual Meeting

STATE OF NEW HAMPSHIRE

To the Inhabitants of the Town of Amherst in the County of Hillsborough in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at the Town Hall in said Amherst, on Tuesday, the ninth day of March next, at eight o'clock in the forenoon, to act upon the following subjects:

1. To choose all necessary Town Officers for the ensuing year.

2. To raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriations for the same.

3. To see if the town will vote to allow the usual discount on taxes: 3 per cent to July 1st and 2 per cent to August 1st.

4. To see if the town will vote to give the Selectmen and the Town Treasurer authority to borrow money in anticipation of taxes.

5. To see what action the town will take in regard to the Honor Roll and see if the town will vote to raise and appropriate money for same.

6. To see what action the town will take in regard to building a black road at Baboosic Lake on Clark's Avenue, commencing at the southeasterly end at the junction of Broadway and Clark's Avenue, thence running northeasterly to the southerly line of Arthur Bruce land, and see if the town will vote to raise and appropriate money for same. By Petition.

7. To see what action the town will take in re-

gard to discontinuing the road from Hale Place to Chestnut Hill road to Byam's barn; and also the Brook road from Peabody's mill to the Amherst and New Boston town line. Chapter 79, Public Laws of N. H. 1926

8. To see if the town will vote to raise and appropriate the sum of $841.12, the state will contribute $3364.49, for classified road improvement.

9. To transact any other business that may legally come before said meeting.

Given under our hands and seal, this 19th day of February, in the year of our Lord nineteen hundred and forty-three.

RALPH C. BILLS,
ERNEST H. PEASLEE,
ASHTON L. MARTIN,
Selectmen of Amherst.

ANNUAL REPORT OF AMHERST TOWN LIBRARY

The sixty-third report of the trustees and librarian of the Amherst Town Library is submitted herewith. It covers the year ending January 31, 1943.

Mrs. Donald Davis has served as President, Charles F. Prior as Secretary-Treasurer, Miss Bertha Piper and Mr. W. T. Whittle as House and Grounds Committee, Mrs. Pearl Perry and Dr. John LeBosquet as Book Committee.

Only minor repairs have been made. The severe storm in December caused or revealed numerous leaks in the tile roof of the library. Efforts to have it repaired immediately failed. Arrangements have now been made but too late to include the bill in 1942 payments.

For the first time in several years insurance premiums, due on building and contents, were paid from library funds. War damage insurance has also been placed.

The cost of fuel has been low because there was a supply on hand. It will be higher next year.

Literature on aeronautics has been purchased for the use of Amherst boys taking the course at Milford High School. A reference book on American writers has been furnished for pupils of Amherst High. The discriminating selection of books and periodicals has received serious attention. With the small amount available for the purpose, consideration has been given to the needs and tastes of the various groups that make up the reading public. The trustees have tried to maintain, at least, the high standards of former years.

Amherst can be proud of its library. Many small towns and some larger ones give less service in proportion to cost. A few comparative figures from the 1941 report of the State Library Commis-

sion tend to substantiate this.

Town	Population	No. of Volumes	Net Income	Circulation
Antrim	1127	8,957	$1404.30	10,002
Henniker	1336	11,458	1667.77	4,622
Hollis	996	8,000	621.93	8,460
Merrimack	1253	7,890	1034.21	10,564
Warner	1113	10,913	1303.93	10,051
Amherst	1174	9,871	670.47	11,743

A brief summary of the Librarian's report follows: 244 books, of which 75 were gifts, have been added during the year and 20 discarded. The number of volumes owned is now 10,095; 8,225 adult and 1,870 juvenile. There are 571 registered patrons, a gain of 63. The circulation for the year has been 10,806, including 6,453 volumes of fiction, 4,303 of non-fiction. Fifty volumes have been furnished through the Inter-Library Loan service.

The Parent-Teacher Association was entertained in the library on November 17. Rev. W. F. Addison reviewed some recent books. The Librarian represented Amherst at two library meetings held in Manchester, and at one in Concord. The Librarian was local director of the Victory Book Campaign. Amherst contributed 450 books to our armed forces.

Reports, pamphlets, bulletins, too numerous to specify, have been received from New Hampshire departments, commissions, and boards, from U. S. Government bureaus and departments, and from many commercial and trade organizations. They are on file and accessible to those who can use them. Copies of the Troubadour, National Grange Monthly, Union Signal, and Philadelphia Child Study have also been donated. Individual gifts of books and magazines are gratefully acknowledged from the following: Mr. Horton Allen, Mr. and Mrs. Norwin S. Bean, Mrs. Cannon, Dr. C. Chase, Mrs. A. I. du

Pont, Mrs. Willis T. Fisher, Mrs. L. Glover, Mrs. C. C. Goss, Billy Hall, Mr. W. C. Hill, Mrs. George Huntington, Mr. and Mrs. Jaques, Dr. LeBosquet, Mrs. F. F. Miller, Mrs. Daniel Norris, Miss Bertha L. Piper, Mr. Charles F. Prior, Mr. A. V. Phillips, Sally Sawyer, Mrs. George Spalding, Miss Honora Spalding, Mrs. Tibbets, Mrs. K. P. Varney.

REPORT OF SUPERINTENDENT OF SCHOOLS

To the School Board and Citizens of Amherst:

I herewith present my fourth annual report, the twenty-fourth in the series. I propose to present only two topics, besides the usual statistical tables which follow.

Schools Must Go On

During such difficult times, it is with some hesitation that we attempt to interpret the schools to the public. The demands are so heavy in this and that respect that one hardly knows which to put into effect and which to eliminate for so many appear to be worthy. I notice other people of experience find themselves in a similar predicament. Therefore, it seems to me that we should have a great deal of sympathy for the young people who experience difficulty in adjusting themselves to the war conditions.

The growth of children cannot be stopped until this struggle is over. Their growth is continuous and schools must go on with their development. British leaders have learned that the war only intensifies the need for good schools. The future strength and leadership of America is now in school.

I trust each and everyone is following the evolution of the school from peace-time to war-time preparation. Accelerated programs in higher institutions cause changes in our high schools and grades. Scrap collections, sale of war stamps, participation in various drives, rationing programs affect the school's former program. Through it all, I find a wondeful spirit of loyalty and a desire to do one's part.

Personnel

I could devote my complete discourse on this subject. As suggested before, these are no ordinary times and the need for competent teachers was never greater. Teachers are entitled to a wage consistent with their importance and comparable to that received in other walks of life. There is enough unrest in the world and there will be enough after the war without having a group of dissatisfied and underpaid people in charge of our schools and children. We shall need those who can hold their heads up and be proud of the treatment given them by their communities. Appreciation may even be a partial substitute for monetary consideration.

We have had plenty of difficulties with the retention or recruiting of a teaching staff. I urge you to be just as generous in the matter of teachers' salaries as you can. I well remember my statement of last year regarding adequate salaries. No sooner had I made that statement than it was out-of-date. Conditions in the teacher market grew steadily worse and we were confronted with serious problems. We have been fortunate to make the changes as effective as they have been.

Last summer, we had vacancies caused by the resignation of Mr. Goss, Miss Copeland, and Miss Hutchinson. These positions were filled by the employment of Miss Paulyne Dick of Worcester State Teachers College, Mrs. Dorothy Davis of Amherst, and Miss Josephine Sviatek of Manchester. Since the opening of the year, two changes have taken place; one, Mr. Richard Heneage resigned his Headmastership to enter the Service and Mr. Robert Googins of Lowell, Mass., was secured for his position, two, Miss Sviatek became Mrs. Robert Stillings without relinquishing her position.

The prospects for next year are not, at this date, particularly favorable as the impending vacancies

fall within the fields in which the greatest shortages occur. Two new elementary teachers, a mathematics and science teacher, and an English and French teacher are probable for the next school year. Therefore, any previous remarks concerning personnel problems are further made emphatic by this summary.

I express my appreciation for the faithful work of the teachers, for the considerate attention the School Board has given the work, and for the support of the entire citizenry.

Respectfully submitted,

HAROLD C. BOWLEY,
Superintendent of Schools.

REPORT OF THE HEADMASTER

To Superintendent of Schools Harold C. Bowley, Members of the Amherst School Board, and Citizens of Amherst:

Herewith is submitted the annual report of Amherst High School and grades seven and eight of the Village school.

Registration as of January 30, 1943 was: Seniors 11; Juniors 6; Sophomores 9; Freshmen 9; Grade 8, 18; Grade 7, 14.

The high school program for the current year follows, subjects alternating as usual with those of the odd years: English, U. S. History, Algebra, Civics and Occupations, Advanced Mathematics, Physiography, French I, French III, General Mathematics, Latin II, Economics, Biology.

The activities of the school from the time of the last report to the present are: April, a play; May, the Junior Prom; June, Senior dance and Graduation; October, harvest supper; play, November; December, Sophomore Hop.

The annual health inspection was held in January by the school physician and nurse. Also as part of the health program milk is being served in the school daily at a nominal charge only.

Members of the school are making a concerted effort to help in the War Program. Many gave work to the agricultural program and much scrap metal was collected and sold. War Stamps are being sold regularly.

In these times education may pay even greater dividends than before. Regular attendance is essential, and all attempts to help us maintain a good tardiness record will be appreciated.

To all those who have in any way helped to

make the past year a success, the staff extends its grateful appreciation.

Respectfully submitted,
ROBERT W. GOOGINS,
Headmaster.

Amherst, N. H., February 1, 1943.

REPORT OF THE SCHOOL NURSE

Mr. Harold C. Bowley,
Superintendent of Schools:

In accordance with your request, I herewith submit a report of the school nursing work for 1942.

The usual physical examinations were made by Dr. Burns. A detailed summary of the findings may be found in Dr. Burns' report. Noticeable results of the annual Dental Clinic conducted by the P. T. A. are appearing in the dental examinations as the defects, for the most part, are much less serious ones, because of the large amount of corrective work done. This is indeed an important piece of work. The whole future of an individual's dental health is foretold during the early years of his life by the condition and care of his teeth. Dental examinations in the present induction program show too clearly the need of education, especially preventive work, such as nutritional training, that the coming generations may make a better showing. Statistics show little improvement in dental findings now over those of the first world war, a situation which should give us material for serious thought.

We are indebted to the P. T. A. for the purchase of scales for each school building. This enabled us to have all the weighing and measuring done in advance of the medical examinations. It also enables the teachers to weigh the children at regular intervals during the school year, thus checking on the

rate of growth each child makes. We are indeed very grateful for this gift.

Because the measles epidemic was at its height in May, the time of Well Child Conferences and Summer Roundups, none was held in Amherst this year. One is planned for 1943, however. This is an important institution, for thus are parents given an opportunity to have their children given a physical examination early enough before school begins that any remedial defects may be corrected, and the child be in the best of condition when school begins. Opportunity for the immunization of children against diphtheria is also given and it is only because of good immunization programs that we are spared diphtheria epidemics. Dr. Colby, Director of the Division of Epidemiology, says in the February issue of the New Hampshire Health News, "If every child received diphtheria immunization before the age of nine months, there would be no fear of diphtheria—there would BE NO diphtheria."

In closing I wish to thank everyone, especially the superintendent and teachers, for the splendid help and cooperation which they have given me so generously.

Respectfully submitted,
ESTHER E. McCORMICK,
Red Cross Nurse.
